Church, \$427.35. Other church collections are yet to come in, which will doubtless swell the sum at least \$10,000.

MILITARY FUNERAL.—The obsequies of acting Lieut.-Col. Haggerty of the 69th Regiment will be observed at noon to-day at St. Patrick's Cathedral. The 69th will parade in full force, the officers of the 7th will attend, and it is stated that representatives of one or two other regiments will turn out.

PROFESSOR AGASSIZ.—Appleton & Co. have added the portrait of Professor Agassiz to their list of cartes de visite. One picture represents the Professor standing at a blackboard, describing the diagram of a star-fish; a second, a three-quarter figure full front, and the third represents him in vignette. The likenesses are admirable.

BOARD OF SUPERVISORS.—This Board met yesterday afternoon at twenty-two minutes past 3 o'clock, nearly half an hour beyond the appointed time for calling the roll, President Parry in the chair. After the reading and approval of the minutes a number of bills were presented and referred to appropriate Committees. A communication was received from the Controller, transmitting the draft of an ordinance of the Corporation for the purpose of carrying into effect an act to authorize the Board of Supervisors of the County of New-York to raise money by loan, and to create a public fund or stock, to be called, "The New-York County Court-House Stock," and to authorize the Commissioners of the Sinking Fund to receive and purchase said stock. The communication was received and the ordinance adopted. After the transaction of some other business the Board adjourned until the 29th inst.

CHAMBER OF COMMERCE.—This body will hold a special meeting to-day at 1 o'clock, to consider two subjects: 1. The Report of the Board of Trade, Boston, on Internal Taxation, prepared by Messrs. E. B. Bigelow, Thomas Lamb, and Charles C. Noyes. 2. In reference to the Certificate of Indebtedness issued by the Government in payment of debts due by it to individuals for services rendered and supplies furnished.

SUDDEN DEATH OF A VERMONT SOLDIER.—George E. Kelly died in the basement of the house No. 5 Mulberry street, on Monday night. Yesterday, Corporal Wiley held an inquest on the body. From letters found on the person of deceased, his name was learned, also the facts that he had belonged to the 7th Vermont Regiment; that he had been in the New-York Hospital; that he has left a wife and children in Denby, Vermont. It is supposed that he had wandered into the place where he died from exhaustion. Dr. Bouton made a post mortem examination, which revealed the cause of death as pneumonia. The jury returned a verdict accordingly.

THE NAVAL ENGAGEMENT IN HAMPTON ROADS.—Messrs. Hatch & Co., No. 29 William street, have issued a handsome photograph of the famous naval engagement in Hampton Roads, showing the positions of the various vessels, and giving a very good idea of the contest between the Monitor and Merrimack. These vessels are in the foreground, and are represented delivering their fire nearly side by side. The picture renders valuable aid in understanding the descriptions of the fight, and, being a well-finished piece of art, we have no doubt it will be largely sought for.

GOOD NEWS FOR SOLDIERS' FAMILIES.—The Adams Express Company received yesterday, per steamship Peabody, about 2,000 money packages from the soldiers in the Bermuda Expedition. The remittances are directed to the families of the absent soldiers, and will be promptly delivered as addressed. The same company are daily expecting money from troops now opposite Yorktown. By special order from the War Department, Adams' Express Company are authorized to follow the army and open their office for the transaction of army business. The following places, lately occupied by the Rebels now enjoy the benefit of the Express Company, viz.: Winchester, Harpers' Ferry, Nashville, Clarksville, Huntsville, Pittsburg Landing, and other places too numerous to mention.

BULL'S HEAD.—New-York Cattle Market, Tuesday, April 15.—We find about 3,150 head of bullocks reported at Forty-fourth street, for the supply of the beef market this week, and that an unusual number of them were sold on Monday by the Jews, who are generally out of market to-day, this being the time of the Passover. The sales made on Monday were at a decided advance upon quotations last week, and better than the average rates to-day, which are only a shade above those of a week ago. Up to noon trade was very dull, and the brokers began to anticipate the necessity of reducing rates equal to half a cent a pound upon the net weight of beef. They were saved from this by the timely arrival of Messrs. Starr & Reed, who by the force of their being in the market, though they professed to want but few cattle, served to strengthen the hands of sellers, and induce tardy buyers to come forward and pay asking prices. Nearly all of the stock on sale will be disposed of to-day at prices equivalent to 8 1/2 cts. lb. net weight. A few of the choicest sold at 9 cts. lb. net, and a few of the poorest at a little under 8 cts. The general average quality is very good, better than last week, which makes a better average price. A very large portion of the stock is from Illinois, and nearly the whole are three and four-year-old steers, fully upon sound corn, which will make from 7 to 8 cts. of beef each, which averages full 8 cts. a pound. The proposed change of market day, so as to make Monday the principal sale day, meets with such a strong opposition that we conform to the request of a majority, and state that no change will be made at present. An effort will be made to get the Common Council to establish a market day, so that everybody engaged in the business of driving or selling cattle will not be obliged to work themselves nor disturb others in the enjoyment of the Christian Sabbath. It is a disgrace to a Christian community that it should be compelled to perform such Sabbath labor as will be necessary to get ready for a Monday market, simply because it suits the interest of half-a-dozen of dealers of a peculiar faith, who are engaged in the business of buying and selling bullocks on speculation. It is a disgrace that we hope we shall not soon be compelled to chronicle. Sunday cattle-trading and driving is a monstrous nuisance at Albany. Let us keep it out of New-York.

BOARD OF REPRESENTATIVES OF THE NEW-YORK FIRE DEPARTMENT.—On Monday evening a meeting of the Board of Representatives of the New-York Fire Department was held at Firemen's Hall, William B. Wickham, President, in the chair, for the purpose of expressing their views in regard to the Unsub Building law now before the State Legislature. A lengthy discussion ensued upon the subject, in which Messrs. Mills, Gilks, Wickham, O'Brien, and others took part. The speakers generally favored the main features of the bill, with the exception of that section which gives the Mayor the power of appointing the Superintendent, and in order to get over that the Board almost unanimously passed a resolution that no change will be made at present. The matter was referred to Messrs. L. Sullivan, Ives, D. F. Timmons, and Chas. M. Connolly, who were appointed a Committee to solicit subscribers and members, both yearly and for life.

WESTERN SANITARY COMMISSION.—The sum of \$4,640.36 has thus far been received, and acknowledged by Mr. James A. Roosevelt, No. 94 Madison lane. This amount includes the offerings made on Monday in the following churches: Madison-square Presbyterian Church, \$300.75; South Dutch Church, \$153.94; New Church Society, \$233; Memorial Church, \$23.30; Trinity Church, \$230.44; St. George's

Church, \$427.35. Other church collections are yet to come in, which will doubtless swell the sum at least \$10,000.
